**Lubbock Economic Development Alliance, Inc. Agreement with
Industrial Molding Corporation
For the period from July 1, 2013 through June 30, 2014**

Background:

The Lubbock City Council established the Lubbock Economic Development Alliance, Inc. (LEDA) to promote local economic development and stimulate business and commercial activity in Lubbock and the surrounding area. To this end, LEDA entered into a performance agreement with Industrial Molding Corporation (hereinafter referred to as IMC) on January 25, 2010.

The terms of the agreement provide incentives to IMC for the creation of new jobs. The general terms of the agreement allow IMC to receive up to \$182,000 for the creation and maintenance of sixty (60) new full-time jobs from July 1, 2009 through June 30, 2014. IMC will earn incentives ranging from \$2,500 to \$10,000 for each job created according to an annual compensation schedule, and these incentives will be earned in one-fifth (1/5) increments as of each annual measurement date.

Objective, Scope and Procedures Performed:

Our objective was to determine if IMC met the job creation requirements of their agreement with LEDA. A summary of the procedures used is as follows:

- Reviewed the pertinent contract.
- Reviewed employee census data indicating names, dates of hire, dates of termination, work locations and compensation as of 6-30-14.
- Obtained the Texas Workforce Commissions (TWC) reports for quarters ending 9-30-13 through 6-30-14.
- Reviewed wages reported on the TWC reports to verify annual compensation levels and to corroborate dates of hire and/or termination.
- Discussed questions and issues raised as a result of the above steps with IMC personnel.
- Discussed agreement interpretations with LEDA personnel.

Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

Results and Conclusions:

Per our review of the above data:

- IMC had one hundred thirty (130) full-time Lubbock employees as of July 1, 2009.

- IMC had one hundred sixty-three (163) full-time Lubbock employees as of June 30, 2010.
- IMC had one hundred ninety-nine (199) full-time Lubbock employees as of June 30, 2011.
- IMC had one hundred ninety-five (195) full-time Lubbock employees and fifteen (15) part-time Lubbock employees as of June 30, 2012.
- IMC had one hundred thirty-seven (137) full-time Lubbock employees and one (1) part-time Lubbock employee as of June 30, 2013.
- IMC had one hundred thirty-one (131) full-time Lubbock employees and fifteen (15) part-time Lubbock employees as of June 30, 2014. The one hundred thirty-one full-time employees had total compensation of \$5,400,941 for the twelve months ended June 30, 2014.
- Of the net increase of one (1) full-time position in the Lubbock office, the following met the specific compensation requirements for the various levels of incentives:

<u>Number of Employees</u>	<u>Incentive per Employee</u>	<u>Total Incentive</u>
1	\$ 10,000	\$ 10,000
-----		-----
<u>1</u>		<u>\$ 10,000</u>

IMC has entered into a separate performance agreement with LEDA dated February 28, 2011, with an annual measurement date of February 28th. In order to prevent duplicate incentives from being paid for the two performance agreements, LEDA management has determined the maximum number of employees to be counted in this contract should be one hundred eighty (180) full-time employees. Thus, under this agreement, no more than thirty (30) new jobs are eligible for incentives per measurement period.

Based on the above, IMC is currently entitled to receive one-fifth (1/5) of the fifth-year earned incentives of \$10,000, or \$2,000.
