Procedures and Results

Background:

The Lubbock City Council established the Lubbock Economic Development Alliance, Inc. (hereinafter referred to as LEDA) to stimulate and foster economic activity in Lubbock and the surrounding area. To this end, LEDA entered into a contract with Bahama Bucks Franchise Corporation (hereinafter referred to as the "Company") on April 15, 2013.

The general terms of the contract allow the Company to receive incentives for Job Creation. Specifically, the Company will receive Job Creation Incentives up to \$15,000 for the creation and maintenance of five (5) new full-time jobs by April 30, 2015. More specifically, the Company will earn incentives ranging from \$2,500 to \$10,000 for each job created according to an annual compensation schedule, and these incentives will be earned in one-fifth (1/5) increments as of each annual measurement date.

Objective, Scope and Procedures Performed:

Our objective was to determine if the Company met the job creation requirements of their agreement with LEDA. A summary of the procedures used is as follows:

- Reviewed the pertinent contract.
- Reviewed employee census data indicating names, dates of hire, dates of termination, work locations and compensation as of April 30, 2015.
- Obtained the Texas Workforce Commissions (TWC) reports for quarters ending June 30, 2014 through March 31, 2015.
- Reviewed wages reported on the TWC to verify annual compensation levels and to corroborate dates of hire and/or termination while comparing to employee census.
- Discussed questions and issues raised as a result of the above steps with Company personnel.

Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

Results and Conclusions:

Per our review of the above data, prior year agreed-upon procedure report and discussions with Company management:

- The Company had four (4) full-time Lubbock employees as of May 1, 2013. (Baseline)
- The Company had six (6) full-time Lubbock employees as of April 30, 2014.
- The Company had six (6) full-time Lubbock employees as of April 30, 2015.

Based on the above, the Company exceeded the baseline employment by two (2) full-time employees. These employees did not meet the specific compensation requirements and the Company is not currently entitled to receive incentive payment for the second-year measurement period.

Based on procedures performed, we noted that the prior year agreed-upon procedure report stated that the Company had twenty-five (25) full-time Lubbock employees as of May 1, 2013 and thirty-eight (38) full-time Lubbock employees as of April 30, 2014. We asked Company management if this was correct, and they responded saying it must have been an error and that with the exception of management, all agents are part-time. The Company verified that the information we listed above is correct.
